Jerry Bryant, Developer, stated the house was bought and placed on the lot before county wide zoning became effect on January 1<sup>st</sup>. The homeowner applied for the permit in February. Mr. Bryant stated he was unaware of the new zoning ordinances.

Commissioner Baity arrived for the meeting.

Alberto Vargas, homeowner, addressed the Board concerning his request. He commented he bought the land and was told he could put three mobile homes on the land. He bought the mobile home because he could not afford to build a house and pay for the land at the same time. There are currently two mobile homes on the property.

Jerry Bryant, Developer, spoke on the request for Millennium Estates . He requested the zoning be changed from residential limited ( doublewide and stick built) to residential general ( single wides).

Paul Warren, Rome Anthony Road, spoke against the request. Mr. Warren presented the Board with the devlopment's covenants. There were several items promised in the covenant and have yet to be done ( paved road, lighted streets).

Robert West, Rome Anthony Road, spoke against the rezoning.

Randy Buelin, Brie Court, expressed his concern about the zoning request because of the shortage of water.

Andy Nicholson, Rome Anthony Road, spoke against the rezoning because he is concerned that new zoning could possibly change housing restrictions/requirements. He is also concerned that the land may not perk.

Ann Reavis, lives across the street from Millennium Estates, spoke against the zoning request. She does not want single-wides across the street from her home.

Betty Cockerham, adjoining landowner, against rezoning. She is concerned about the water quality.

Jerry Bryant, Developer, spoke on the covenant for the development. He stated currently there are single-wides on the backside of the property. These are restricted homesites and he would not intentionally do anything to hurt property values. The land was sold before county wide zoning became effective.

Scott Dillon, Rome Anthony Road, spoke against rezoning.

Kathleen Dillon, Rome Anthony Road, spoke against the zoning request. She commented this is

an established neighborhood. She is concerned with the water issues.

Barry Murray, Rome Anthony Road, spoke against the rezoning, He is concerned with the traffic and water issues.

Nick Reavis, lives across the street, spoke against rezoning.

Mr. Bates discussed the property owned by Brent Matthews located on Hwy 67 and Charity Church Road. His request is to change from rural agriculture to residential general.

Donald Patterson, Charity Church Road, spoke against the rezoning request. He is concerned with environmental issues, quality of living and safety.

Chris Groce, Broker, stated Mr. Matthews is requesting the change so he can sell the land. If you have more than three parcels of land to sell, the ordinance requires land to be rezoned.

Mr. Bates presented a request for Goldrush Lane owned by Gary Pearson , approximately 23 acres to be changed from residential restricted to rural agriculture.

Mr. Bates presented a request for Dinkins Bottom Road , property owned by Clyde Dinkins and Vickie Long, to change from highway business to manufactured home park.

Clyde Dinkins stated he is requesting the zoning change to be able to replace mobile homes when one is moved out.

Mr. Bates commented that Mr. Dinkins cannot replace the mobile homes unless the property is rezoned.

W.G. Dinkins spoke against the zoning request because Clyde Dinkins wants to turn all of the property into a mobile home park.

Samuel Hall stated he is concerned with the depreciation of property.

Shirley Dinkins, Dinkins Bottom Road, asked how would this affect taxes and how many trailers will be allowed on the property?

Mr. Bates responded if the property is rezoned there will only be five trailers allowed. The only way to add more trailers is to rezone the property again.

Clyde Dinkins stated he is requesting the zoning change so he can replace trailers that are moved out. He does not want to add more trailers.

Mr. Bates presented the request for Herbert Bryant Estates, Blake Drive, Boonville, property owned by Jerry Bryant. The request is to change from rural agriculture to residential restricted.

Chris Childers spoke against rezoning the property. He wants to keep the land rural agriculture.

Eddie Bryant, Bryant Road, spoke against rezoning because of the adverse affect on the community and he is concerned with the lack water for the area.

Sharon Ioanotti, Bryant Road, spoke against the request to rezone. The land has always been pastures and grassy fields. She is also concerned with the lack of water for the area, the property is located on a hill. Traffic will be a problem with students traveling to Starmount High School, road has a blind spot right before proposed entrance to the development.

Paul Brown, owns property on the backside, also spoke against rezoning because of water and traffic issues.
